They Eloped. Safe and away from parental objection, Miss Magdalen Ashby daughter of Columbus Ashby of Slaughterville and Wm. E. McGary of this city were made husband and wife at Springfield Tenn yesterday morning.

Not for notoriety, but on account of the objections to the wishes of the young people by the brides family - objection over which the groom had no control - was this extreme measure taken by him which resulted in the union of this light-hearted and happy couple. If at home had the ceremony been attempted it would have been one under difficulties, if one at all. As it was consummated it is as some, claim, justifiable. At any rate they are married and may happiness with them reign supreme.

For some time these young people have been devoted lovers. Their fondness for each other, as exemplified by go bonbons. MADISONVILLE. CURRENT HAPPENINGS IN AND AROUND THE COUNTY CAPITOL.

The town has gone daft on wheels and wheels-men. Only thirty-three more days until the Hopkins County Fair.

Wouldn't a street sprinkler help things wonderfully just now? The laundry now has a flashy sign on the building, which can be plainly seen from the railroad.

The recent hot spell may have a beneficial effect upon corn and tobacco, but it certainly has a very depressing effect upon mankind.

It is said that we will have one and possible two marriages in the near future. We are not authorized to mention names at present.

A bicycle race at the Fair would probably be a great attraction. With wheelmen of this county as contestants, no doubt fast time would be made and the world's record broken.

Your correspondent has been unable to make an entrance into the newly completed cheese factory, and is therefore barred from giving a graphic description of that new industry in this issue.

This is a good move, and let us hope and pray that the citizens will some time take action on this matter and provide a public system.

Young Linderstrom recently gave an exhibition in New York. He not only met with public favor, but was also given a place on the program for one of Gilmore's band concerts.

The steam riding gallery has proven a good drawing card. It is the most complete machine of the kind ever exhibited in our city, and when shrouded resembles a miniature circus. Good crowds attend nightly, and the old, as well as the young, seem to enjoy a circuit on the swing.
